

Saw Head

Explore our exceptional range of tree saws, featuring two powerful models designed to meet your needs. The HD600 is equipped with a robust 600mm tungsten saw blade, while the HD800 boasts an impressive 800mm tungsten saw blade, ensuring you have the right size for any job.

These high-speed tree saws effortlessly slice through timber, firewood, gorse, branches, and hedges - making them ideal for both small farms and lifestyle blocks.

Powered by a top-quality Eaton drive motor, our saws deliver outstanding cutting performance, allowing you to tackle even the toughest materials with ease.

Each model comes complete with hoses, with options for either a 600mm or 800mm tungsten-tip cutting blade, so you can choose the perfect fit for your requirements.

We stand behind our products with a 3-year warranty, giving you peace of mind with every cut.
