

# Post Driver

Our exceptional Post Drivers come equipped with a hitch-mount plate tailored to meet your unique specifications. Crafted by a reputable manufacturer with over 35 years of industry experience, these units are designed to deliver outstanding performance and reliability.

This side-mounted post drivers suits excavators 1.7 to 16 Tonnes (18-30 Tonnes upon request) and can be easily converted to a post driver or rock breaker as required.

## Comes with:

- Quality hoses
- Durable pins - drilled to your dimensions
- Robust post cup - different sizes available
- Rock chisel for efficient breaking
- Tools for servicing and maintenance
- Nitrogen fill and check gauge for accurate pressure management

These breakers are precision-built and made to last, using Parker seals and a unique, reliable valve design. All units are fully serviceable, and all parts are available.

Backed by a 1-year warranty.
