

Sweeper Broom

Two Styles Available

Twin Motor/Twin Brush Hydraulic Sweeper and Fixed Broom Brush.

Ideal for excavators weighing between 1.7 to 3.0 Tonnes, this versatile sweeper comes ready to use with hoses included.

Note: New models are now colour the blue, not red.

Designed for a wide range of applications - including snow clearing, slush and road cleaning, sand sweeping, and debris removal - this broom efficiently handles materials such as leaves, stones, and loose dirt.

With a robust design featuring a high-load motor and superior bearing strength, the Hamilton Diggers Hydraulic Broom is built to perform and excel across a variety of tasks.

Twin Brush / Twin Motor Hydraulic Sweeper

Each motor is adaptable to rotate in both directions, allowing for unilateral or bilateral ejection depending on your setup. Includes side ejection and hoses for quick connection and immediate use.

Backed by a 1-year manufacturer warranty, you can rest assured knowing your investment is protected and supported.
